SECRETARY TO GOVERNMENT Date 4/7/46 P.W., ELECTL & RYS

The replacement of 40-watt Street Lamps by 60-watt lamps involves very little work and the Department is in a position to meet the demand. As this brings in additional revenue to the Department and as the Municipality is in a position to meet the increased royalty due to increase in the capacity of the Street Lamps, the proposal of the Deputy Commissioner, Bangalore District, may kindly be approved.
